

3M Marine Adhesive Sealant - Fast Cure 5200 - 10 oz. (White)

Model : 06520

Manufacturer : 3M Company

A one-part, fast-curing unique polyurethane that chemically reacts with moisture to quickly deliver strong, flexible bonds with excellent adhesion to wood and fiberglass. Forms water-tight, weather-resistant seals on joints and boat hardware above or below the waterline. Cures in 24 hours! For use on:

- Fiberglass deck to fiberglass hull
 - Chine
 - Wood to fiberglass
 - Double planking
 - Porthole frames and deck fittings
 - Bilges
 - Under moldings
 - Stern joints
 - Hull seams above & below the waterline
 - Butt or fill blocks
 - Centerboard trunk joints
 - Deck housing
 - Between struts and planking
 - Teak decks to plywood
- 10 fl. oz. Shipping via UPS Ground only - we cannot ship this product outside of the Continental U.S. due to UPS & USPS shipping restrictions.

Price : \$24.95
