

3.0L MerCruiser Plus Series Complete Engine Package

Model : 8M0116645

Manufacturer : MerCruiser

This turn-key 3.0L MerCruiser new, complete engine package is rated at 135hp at the crank shaft and will get you boating fast. This complete marine engine features a single-piece iron intake-exhaust manifold and an EST analog w/distributor ignition system. It is also thermostatically-controlled and has a raw water cooling system. A freshwater cooling option is available (installed) for an additional \$2,199.00.

RELIABILITY:

- Extra large displacement produces power with good torque
- EST Analog Ignition system ensures reliable starts
- Proven GM cast iron block for years of reliable operation
- Single-piece intake/exhaust manifold reduces number of components and gaskets for more reliable service

PERFORMANCE:

- Optimized intake manifold for improved fuel atomization, smoother power delivery
- Revised fuel calibration for crisp acceleration and improved running quality
- Optional anti-feedback power steering helps reduces operator fatigue and makes boat handling a breeze
- Low restriction flame arrestor for added horsepower and torque
- EASY OWNERSHIP
- Easy Oil Drain system is cleaner and makes periodic service simple and less work
- Color-coded service points makes checking fluid levels simple and straightforward
- Operates on easy to find, less expensive 87 octane fuel
- Engine-mounted drive lube monitor for easy lube check or add from inside the boat
- Easy water drain & flush system is standard

MerCruiser Three Year Warranty!!
