8.9L (540 ci) MerCruiser Mag Bravo 4V Complete Engine Package - 440hp

8.9L (540 ci) MerCruiser Mag Bravo 4V Complete Engine Package - 440hp

Model : 8M0085999

Manufacturer : MerCruiser

Limited time offer! - 3 Year MerCruiser Warranty! Intended for repowering old boats that need more than 383 ci engines, but don't want to spend more for MPI or new transoms. This MerCruiser 540 Mag Bravo 4V makes 560 ft-lbs of torque, and should be able to drop into most twin engine boats where a 496 may be too wide. Nowhere on the power curve does it make less than 500 ft-lbs. Features:

- Single-plane intake
- 800cfm Holley carburetor
- 4340 crankshaft
- Forged pistons
- Manley valves, and Co-Ni valve seats along with the Racing oil cooler and thermostat. This 540 Mag Bravo 4V has some upgrade capability, but MerCruiser has kept it simple (454/502 cam, stamped rockers, 454/502 heads, 2.19" intake valves) to control the cost.

Price : ~~\$21,899.00~~

Special price : \$18,793.00
