

4.3L, 5.0L, 5.7L Circulation / Water Pump

Model : 18-684M

Manufacturer : Michigan Motorz

This is a brand new, never used, never installed marine water pump. This is the same type circulation pump that MerCruiser, Volvo Penta, OMC, Crusader, Marine Power, etc., use on their 4.3L, 5.0L and 5.7L engines.

This pump includes an internal brass impeller made to withstand the harshest of salt water conditions. Stainless Steel backing plate, and pully flange.

This is NOT a remanufactured or rebuilt water pump. This is NOT an automotive water pump. This water pump will work as a replacement on any and all 4.3L (262 ci), 5.0L (305 ci) and 5.7L (350 ci) marine engines. Replaces:

- MerCruiser 60658, 17437, 850399, 8503991
- OMC 985429, 3853850
- Volvo Penta 835390-6, 856364-5, 3853850, 3851982-3

Fits GM V6 & V8 small block engines with steel and/or composite timing cover and made for standard rotation and reverse rotation engines (bi-directional).

Gaskets are included - One-Year Warranty

Price : \$69.95
